Dear Mr. H.

The Caput of the University of Toronto met on June 15, 1978 to consider the charges that had been filed against you by the Faculty of Arts and Science and were contained in my letter to you of May 25, 1978. In accordance with your request, the hearing was held in closed session with just members and officers of the Caput present throughout, and counsel for and witnesses from the Faculty of Arts and Science in attendance for the presentation of the Faculty's case.

The Caput agreed to forward the following statement to the Governing Council:

"Having heard the evidence relating to the four charges against Mr. H. , the Caput unanimously decided that the charges have been made out, and recommends to the Governing Council that the student be expelled from the University. With four members abstaining of the twelve members present, the Caput decided to add its recommendation that the case be given publicity within the University of Toronto but without naming the student."

If the Governing Council acts on the Caput's recommendation its decision is final and not open to review.

Yours sincerely,

(Miss) Lois Reimer,
Secretary of the Caput.
